NEW REBATES and PROGRAM UPDATES

Thank you for coming today! Here's what this webinar covers.

Easy access to program information.

NEW PROGRAM DETAILS – Which one is right for you?

What are the PPL assessments and audits

Q and A at the end – please type into the box
No need to take notes – we'll send you the PDF

EASY ACCESS TO INFORMATION

- Income based offers
pplelectric.com/IncomeBase
pplelectric.com/WRAP
- All rebates
pplelectric.com/Rebates
- Energy assessments + audits
pplelectric.com/HomeAudit
- Trade Ally locator
pplelectric.com/Contractor
- HVAC / heat pump programs
pplelectric.com/ChooseHVAC

INCOME-BASED REBATES

People per household	Enhanced rebates	<u>WRAP assessments</u>
1	Up to \$39,900	Up to \$31,920
2	Up to \$54,100	Up to \$43,280
3	Up to \$68,300	Up to \$54,640
4	Up to \$82,500	Up to \$66,000
5	Up to \$96,700	Up to \$77,360
6 +	+ \$14,200/ person	+ \$11,360/ person

Income guidelines are updated every year by the Department of Health and Human Services. This grid shows you 2026 guidelines.

Enhanced rebates: customers are eligible for income-based offers when their annual household is within 250% of the Federal Poverty Level (FPL).

WRAP: If your annual income is below 200% of the FPL, then you qualify for free assessments and treatments.

Customers self-report their income within the rebate portal. The FPL is calculated on household size.

Contractors / Trade Allies can not report income on behalf of their customers.

pplelectric.com/IncomeBased

WRAP QUALIFIED HOME ASSESSMENT

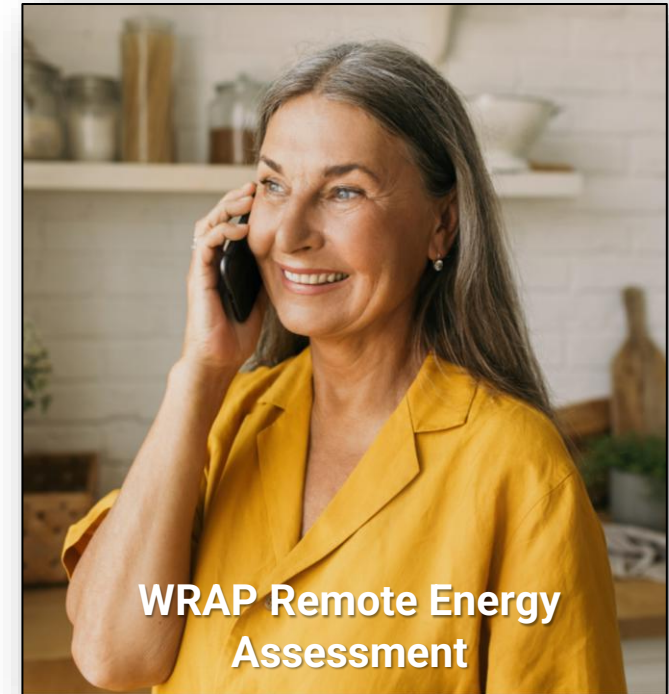

For customers earning <200% FPL

Get a FREE In-home or remote assessment.

In-home participants get free energy measures installed at the time of the visit.

Remote participants will get a free energy savings kit mailed to their home.

If you qualify, the assessments will provide recommendations for no-cost energy efficiency upgrades.

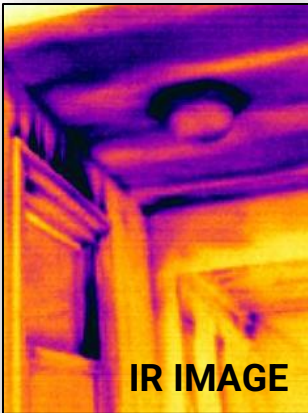

ppllectric.com/Wrap

ENERGY ASSESSMENT/AUDIT REBATES

Effective for all installations after June 1, 2026

Category	Project	Qualification Notes	Rebates (Available to all customers)	Enhanced Rebates (Up to 250% FPL)
Energy Assessments	In-Home Audit	Rebate amount based on heating/cooling configuration	\$325 for electric central heating and cooling \$225 for electric central heating or cooling	\$450 for electric central heating and cooling \$325 for electric central heating or cooling
	Virtual Assessment (by phone)	For customers with electric central heating or cooling	Free	Free

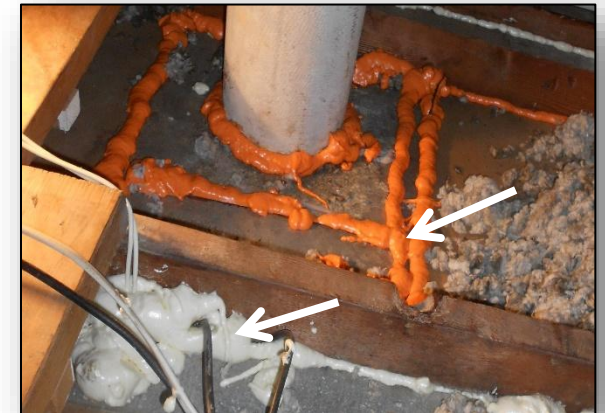

In Home Energy Auditors come with tools like infrared cameras so you can see what a trained auditor understands.

BUILDING ENVELOPE - REBATE GRID 1

Project	Qualification Notes	Rebates (Available to all customers)	Enhanced Rebates (Up to 250% FPL)
♦ Air Sealing	Up to \$0.25 per CFM reduction	Up to \$150	Up to \$165
♦ Attic Insulation (Home With Electric Heat and Central A/C)	The new insulation must achieve an R-value greater than the existing insulation R-value.	Up to \$500	Up to \$575
♦ Attic Insulation (Home With Non-Electric Heat and Central A/C)	The new insulation must achieve an R-value greater than the existing insulation R-value.	Up to \$200	Up to \$250
♦ Basement Wall Insulation (Home With Electric Heat and Central A/C)	The new insulation's R-value must be $\geq R-15$ for continuous sheathing for interior or exterior of the home or $\geq R-19$ cavity insulation.	Up to \$500	Up to \$575
♦ Basement Wall Insulation (Home With Non-Electric Heat and Central A/C)	The new insulation's R-value must be $\geq R-15$ for continuous sheathing for interior or exterior of the home or $\geq R-19$ cavity insulation.	Up to \$200	Up to \$250

Air Sealing is always recommended first.

Air sealing with foam in the attic

BUILDING ENVELOPE - REBATE GRID 2

Project	Qualification Notes	Rebates (Available to all customers)	Enhanced Rebates (Up to 250% FPL)
◆ Exterior Wall Insulation (Home with Electric Heat and Central A/C)	See rebate page for additional requirements.	Up to \$500	Up to \$575
◆ Exterior Wall Insulation (Home with Non-Electric Heat and Central A/C)	See rebate page for additional requirements.	Up to \$200	Up to \$250
◆ Rim Joist Insulation (Home with Electric Heat and Central A/C)	See rebate page for additional requirements.	Up to \$500	Up to \$575
◆ Rim Joist Insulation (Home with Non-Electric Heat and Central A/C)	See rebate page for additional requirements.	Up to \$200	Up to \$250

Air sealed rim joist and joist pockets

The rim joist (often called the band joist) wraps around the house and sits on top of the foundation with the house sill.

WATER HEATING and HVAC REBATES

Category	Project	Qualification Notes	Rebates (Available to all customers)	Enhanced Rebates (Up to 250% FPL)
Water Heating	♦ Heat Pump Water Heater	UEF ≥3.3	\$400	\$500
	♦ Air-Source Heat Pump	Tier 1: SEER2 ≥15.2, EER2 ≥11.7, HSPF2 ≥7.8	\$225	\$350
		Tier 2: SEER2 ≥16.3, EER2 ≥12.9, HSPF2 ≥8.2	\$325	\$475
HVAC	♦ Central A/C	Tier 1: SEER2 ≥15.2, EER2 ≥12	\$150	\$225
		Tier 2: SEER2 ≥16.3, EER2 ≥12.9	\$175	\$275
	♦ Ground-Source Heat Pump (Water-to-Air)	Closed Loop: EER ≥17.1, COP ≥3.6 Open Loop: EER ≥21.1, COP ≥4.1	\$500	\$500
	♦ Ground-Source Heat Pump (Water-to-Water)	Closed Loop: EER ≥16.1, COP ≥3.1 Open Loop: EER ≥20.1, COP ≥3.5	\$500	\$500
	♦ Mini-Split Heat Pump	SEER2 ≥15.2, EER2 ≥11.7, HSPF2 ≥7.8	\$225	\$350
	Smart Thermostat	\$50 for qualifying unit self-installed or installed by a non-Trade Ally contractor; \$100 for qualifying unit installed by a Trade Ally contractor	Up to \$100	Up to \$100

Ground-Source heat pumps (also known as Geo-Thermal heat pumps) exchange heat with the ground instead of the air.

BONUS REBATE FOR 3 TREATMENTS

◆ Bonus Rebate	Must install one insulation or air sealing measure and two additional major measures (◆ bolded measures above).	N/A	\$350
----------------	--	-----	-------

EXAMPLE of a base treatment:

◆ Air Sealing	Up to \$0.25 per CFM reduction	Up to \$150	Up to \$165
---------------	--------------------------------	-------------	-------------

EXAMPLE of 2 other major treatments:

◆ Attic Insulation (Home with Non-Electric Heat and Central A/C)	The existing R-value cannot exceed R-30. New insulation $\geq$ R-19 must be installed to achieve a final R-value $\geq$ R-49.	Up to \$200	Up to \$250
◆ Mini-Split Heat Pump	SEER2 $\geq$ 15.2, EER2 $\geq$ 11.7, HSPF2 $\geq$ 7.8	\$225	\$350

TOTAL maximum rebate: \$525 or \$765 (Plus the Bonus of \$350)

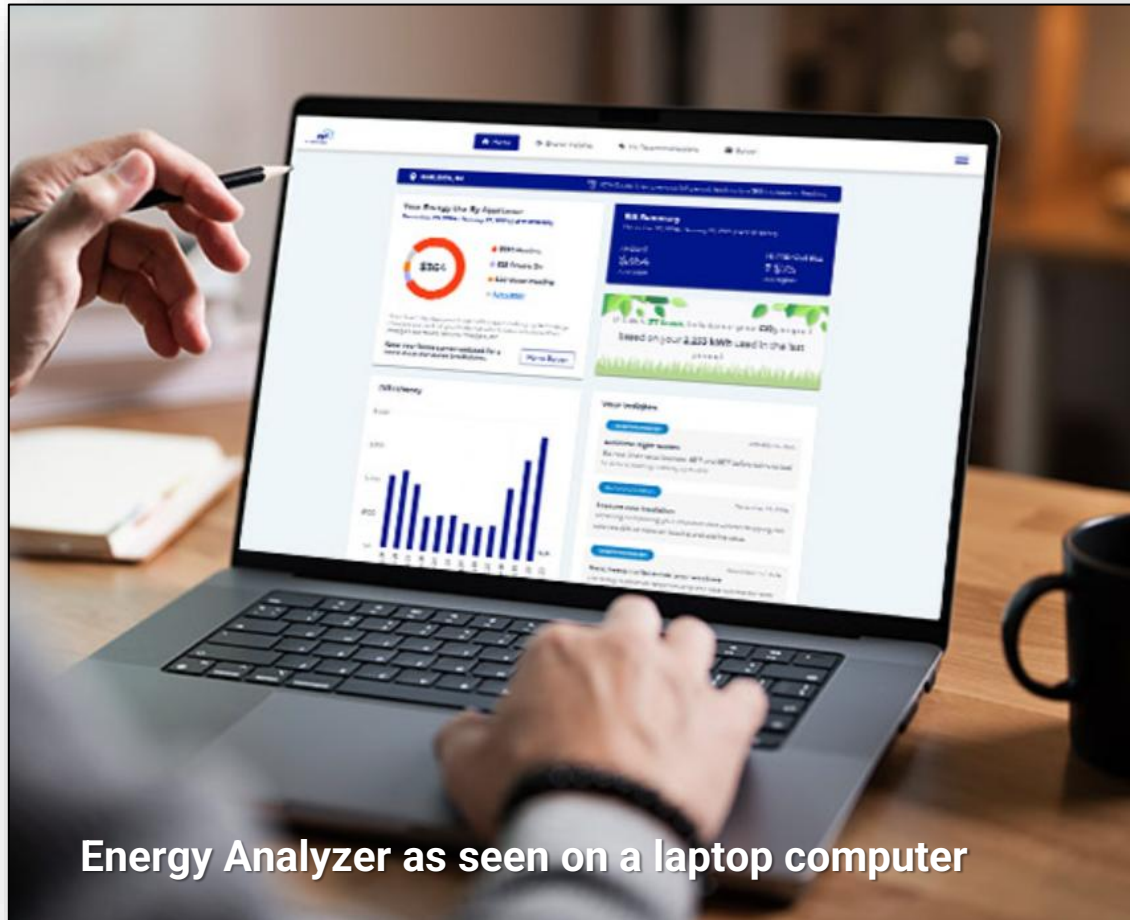

APPLIANCE INCENTIVES

Category	Project	Qualification Notes	Rebates (Available to all customers)	Enhanced Rebates (Up to 250% FPL)
Appliances	Air Purifier	ENERGY STAR® certified	\$25	\$25
	Dehumidifier	Tier 1: ENERGY STAR certified	\$25	\$25
		Tier 2: ENERGY STAR most efficient	\$50	\$50
	Refrigerator	Tier 1: ENERGY STAR certified	\$50	\$50
		Tier 2: ENERGY STAR most efficient	\$75	\$75
	Room A/C	ENERGY STAR certified	\$15	\$15
Appliance Recycling	Dehumidifier		\$15 per unit	\$15 per unit
	Freezer		\$35 per unit	\$35 per unit
	Mini Fridge		\$15 per unit	\$15 per unit
	Refrigerator		\$35 per unit	\$35 per unit
	Room A/C		\$15 per unit	\$15 per unit

1ST STEP TO GETTING ANSWERS

USE THE ONLINE ENERGY ANALYZER

Energy Analyzer as seen on a laptop computer

This tool shows you when, where and how your home uses energy.

START by signing into your PPL account and then click on the “Analyze Energy Usage” button.

This will help you learn how to use less and save more.

You can help the Analyzer “learn” so it can give you more accurate recommendations.

2ND STEP TO GETTING ANSWERS

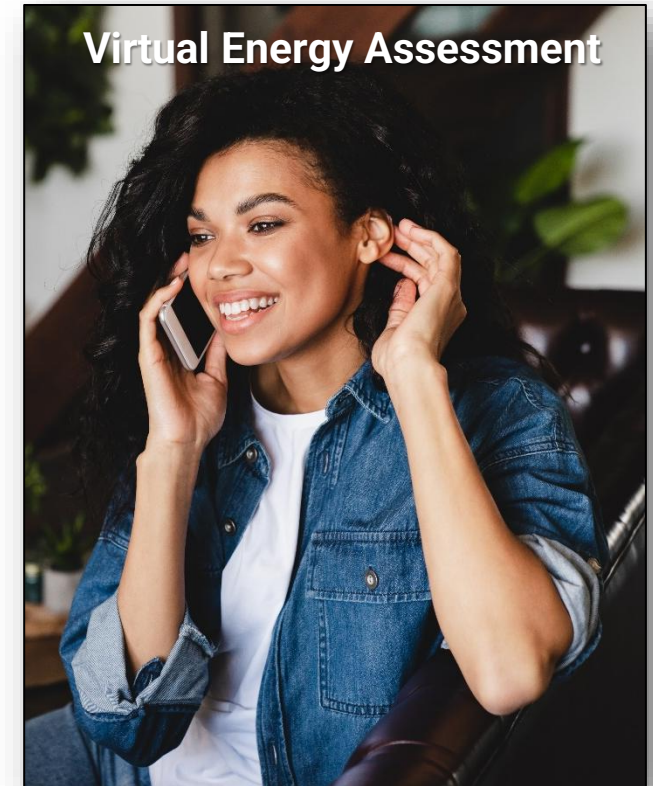

VIRTUAL ENERGY ASSESSMENT

Your choice:

A voice or video call with an Energy Advisor

FREE for any customer that has electric heating or central air customers and comes with a free energy savings kit mailed to your home.

Call 877-486-9204 to schedule

3RD STEP TO GETTING ANSWERS

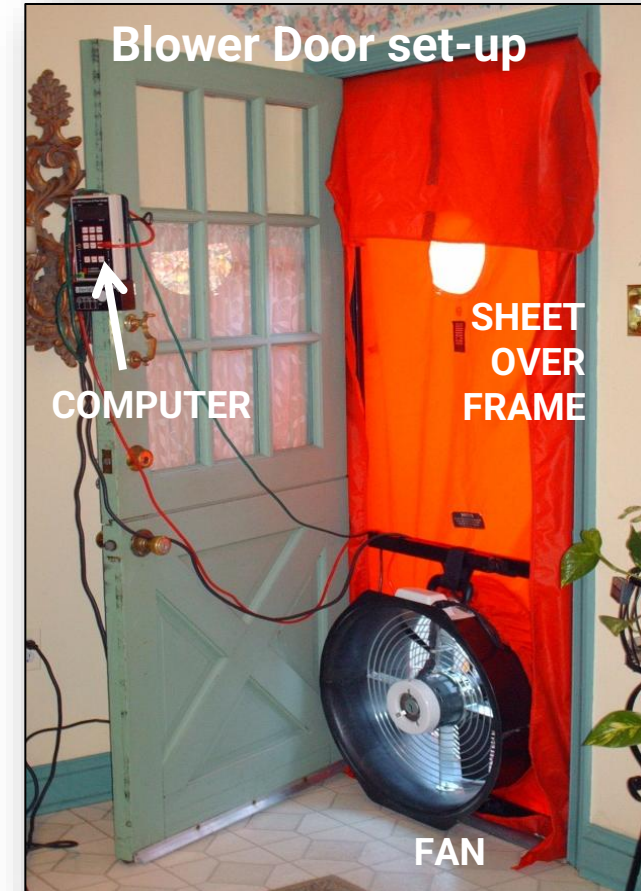

IN-HOME ENERGY AUDIT

Most in-home audits are free if you assign the rebate to the contractor. Check with your independent auditor if the assessment is free before you schedule an appointment.

\$350 rebate for electric heating and central AC customers

\$200 rebate for electric heating or central AC customers

ppl electric.com/Contractor

SUMMARY of ASSESSMENT OPTIONS

1) The Energy Analyzer

FREE and available on your PPL online account page. The Analyzer can help you learn about your usage and what questions to ask during an assessment or audit.

2) Virtual Assessments

Can help you understand more obvious problems by describing them to an Energy Advisor on the phone or video call. Free for electric heating or central air customers and comes with a free energy savings kit mailed to your home.

Call 877-486-9204 to schedule

3) In-Home Auditing

Is a deep-dive to find hidden problems and show you a solution.

\$350 rebate for electric heating and central AC customers

\$200 rebate for electric heating or central AC customers

Check with your independent auditor if the assessment is free before you schedule an appointment.

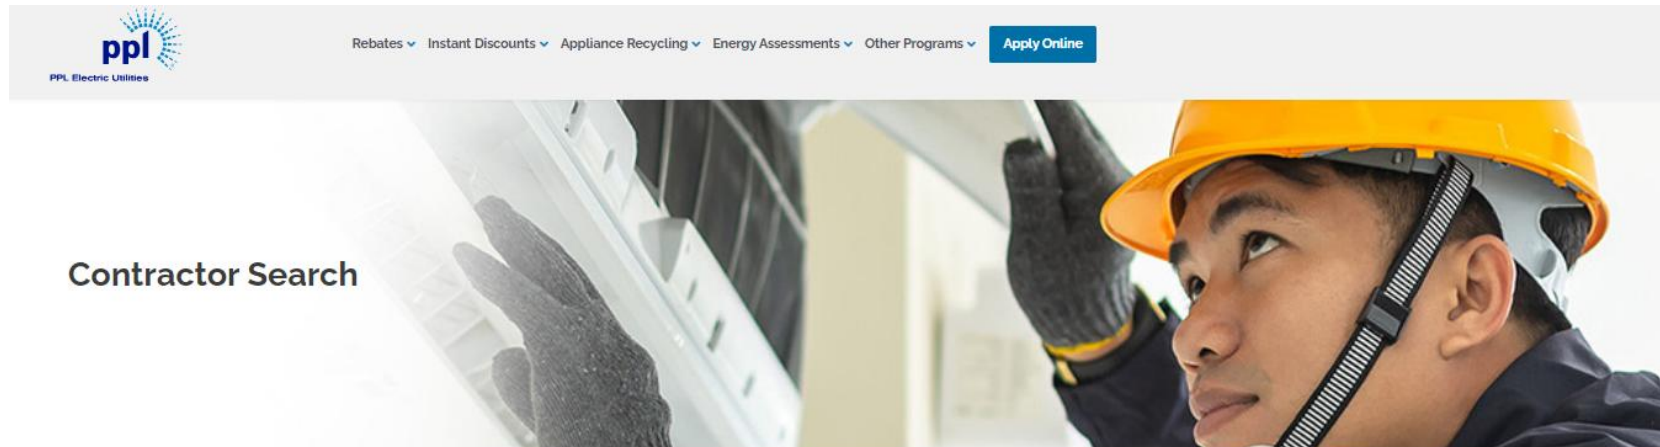

<https://www.pplelectricsavings.com/contractor>

FIND A CONTRACTOR

Log onto the PPL Electric Utilities website

for more program information or to identify a Trade Ally you'd like to hire.

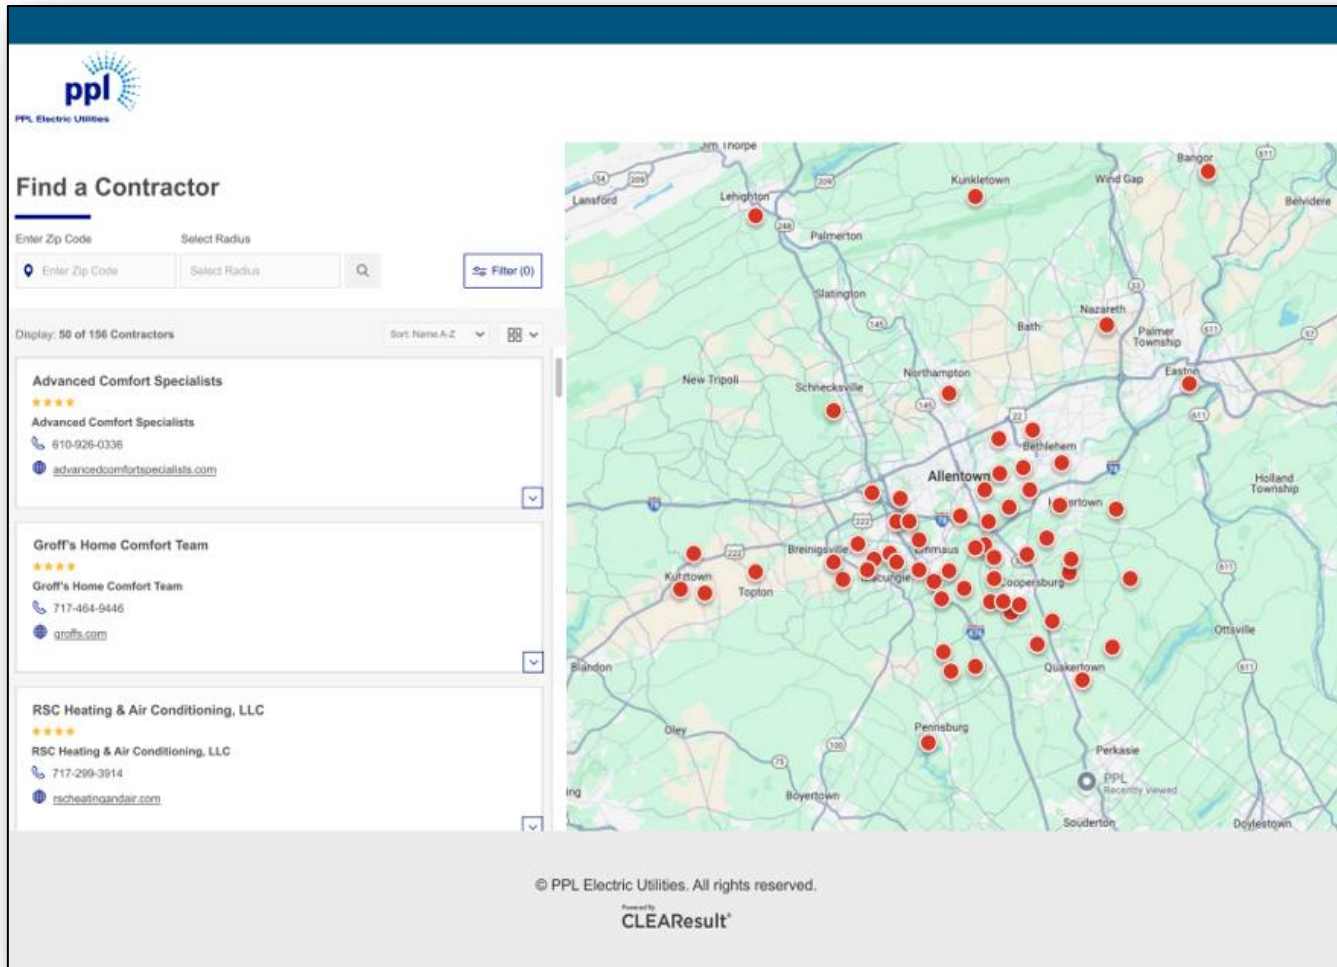

pplelectric.com/Contractor

You can filter our Contractor Search page to find contractors who serve your county.

Contractors are not PPL Electric employees

"FIND A CONTRACTOR" TOOL

- Interactive map showing business locations across PPL service area. Business profiles are clickable and expandable.
- Search by ZIP including customizable search radius
- Filtering by services offered, Google business rating
- Map view vs grid view

HEAT PUMP CERTIFIED INSTALLERS

COMING IN SEPTEMBER - This will be a way for customers to identify contractors that employ staff that have heat pump certifications.

- Companies must be a registered PPL Trade Ally.
- Certified heat pump installers must be listed with the program including what program approved certification they have.
