

# REBATES OVERVIEW

Energy-efficient products can improve your home’s comfort while saving energy and money. We offer rebates to help customers upgrade to the latest energy-efficient equipment and save.

Apply through our [Rebate Portal](#) to review requirements and submit your application, or apply by mail. **Requests must be postmarked within 180 days of installation.**

## Not sure where to start?

Use our [Check Best Offers](#) tool to quickly find your best savings opportunities and see if you qualify in just a few questions.

## Additional income-based offers available

Households at **0%-200% of the federal poverty level (FPL)** are eligible for exclusive income-based offers with up to 100% off products and services through our [WRAP program](#).

These offers include an energy assessment with evaluation for free energy-saving upgrades, personalized recommendations and free products from our online marketplace. Customers who qualify are also eligible for the Enhanced Rebates listed below.

*The federal poverty level is calculated based on household size and income.*

Category	Project	Qualification Notes	Rebates (Available to all customers)	Enhanced Rebates (Up to 250% FPL*)
Energy Assessments	In-Home Audit	Rebate amount based on heating/cooling configuration	\$325 for electric central heating and cooling	\$450 for electric central heating and cooling
	Virtual Assessment (by phone)	For customers with electric central heating or cooling	\$225 for electric central heating or cooling	\$325 for electric central heating or cooling
Appliances	Air Purifier	ENERGY STAR® certified	\$25	\$25
	Dehumidifier	Tier 1: ENERGY STAR certified	\$25	\$25
		Tier 2: ENERGY STAR most efficient	\$50	\$50
	Refrigerator	Tier 1: ENERGY STAR certified	\$50	\$50
		Tier 2: ENERGY STAR most efficient	\$75	\$75
Room A/C	ENERGY STAR certified	\$15	\$15
